Debt Service Funds account for the payment of general obligation bond principal and interest from governmental resources and the payment of special assessment bond principal and interest from special assessment levies when the City is obligated in some manner for the payment.

GENERAL GOVERNMENT
DEBT SERVICE FUNDS

#### CITY OF KIRKLAND

# GENERAL GOVERNMENT DEBT SERVICE FUNDS

There are three types of debt generally issued by the City for general government purposes:

- Unlimited Tax General Obligation (UTGO)
   Bonds represent debt that was approved by voters for a specific purpose. In this case, citizens have agreed to levy property taxes to repay the debt generally over a twenty-year period.
- Limited Tax General Obligation (LTGO)
  Bonds (also called Councilmanic Bonds) can be
  issued with approval of the City Council. The
  debt is repaid from general revenues of the City.
- Local Improvement District (LID) Bonds
  represent debt that is repaid by the property
  owners who benefited from the capital
  improvement through annual assessments paid
  to the City. LIDs are formed by the City Council
  after a majority of property owners agree to the
  assessment. Currently the City has no LID Bonds
  outstanding.

The City's debt management policies provide guidelines for the appropriate use of debt. The complete policies are contained at the end of this document in the appendix. Some key debt management policies include:

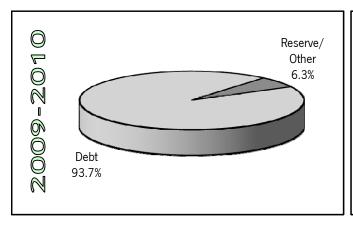

- City Council approval is required prior to issuance of debt.
- The City will only use debt to finance capital improvements that cannot be financed through current revenues. The City will not use debt to finance current operations, noncapital furnishings, supplies, or personnel.
- Bonds will be issued for a period not to exceed the useful life of the asset being financed.

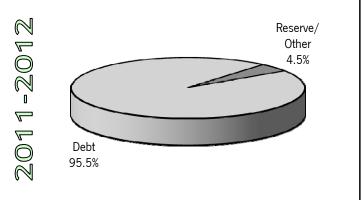

- The City will conduct a thorough analytical review before issuing debt and maintain a good credit rating at all times.
- The City's outstanding debt will remain within the limits stated in the City's fiscal policies.
- The City will use refunding bonds (refinancing) to restructure current outstanding debt when sufficient savings can be realized from lower interest rates.

When the City issues debt, a thorough review of the City's financial condition is completed by bond rating agencies. Based on their findings, the bonds are given a rating. The City's bond rating is a reflection of its creditworthiness and affects the cost to the City of issuing debt. There are two rating agencies—Standard and Poor's (S&P) and Moody's Investor Service—that rate Kirkland's bonds. As of November 2008, S&P upgraded the City's rating from AA to AAA, which is the highest rating. As of April 2010, Moody's upgraded the City's rating from Aa2 to Aa1 for the UTGO Bonds and from Aa3 to Aa2 for the LTGO Bonds.

Once bonds are rated, the City enters the bond secure the market to necessarv funding. Occasionally, the City will conduct an "over-thecounter" sale where City staff sell bonds directly to Kirkland residents. The proceeds (cash) received from selling the bonds are placed in a capital projects fund to account for the cost of constructing the capital improvement. Separate funds have been created to track the principal and interest payments for limited and unlimited bonds. Each year a sufficient amount of revenue is budgeted and placed in each fund to pay the annual principal and interest due.

# CITY OF KIRKLAND GENERAL GOVERNMENT NON-OPERATING DEBT SERVICE FUNDS

Debt service funds are used to account for principal and interest payments used for the retirement of long-term debt. Debt is used by the City as a means of financing capital improvements. By extending the repayment of debt over the anticipated useful life of the improvement, the cost of an improvement can be more equitably spread among the citizens who benefit from the improvement. Bonds are sold and the proceeds (cash) are used to pay for the construction of capital improvements. The bonds are repaid over a period of time from taxes, fees, or other revenue sources dedicated for that purpose.

# CITY OF KIRKLAND SCHEDULE OF LONG TERM DEBT

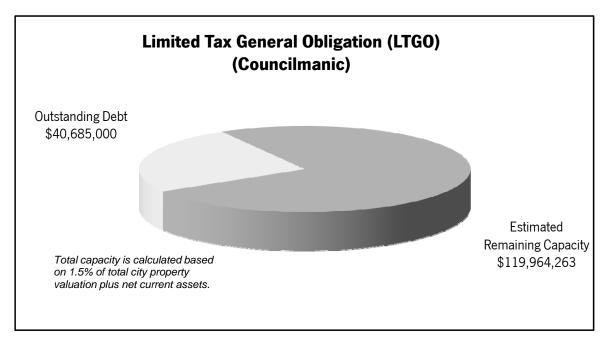

The City uses long term debt to finance the cost of large capital improvements. Councilmanic debt is repaid from general revenues. Voter approved debt is retired from property tax increases put in place for the life of the bond issue. Revenue bonds are repaid from water/sewer utility rates. The following schedule identifies current outstanding long-term debt.

# CITY OF KIRKLAND DEBT CAPACITY

Washington State law imposes limitations on the total amount of debt that a city can have outstanding. This is calculated based on the combination of a percentage of total assessed property valuation plus the net of current assets and liabilities. This comprises the City's "Debt Capacity" at any one time. The following graphs compare the total estimated capacity available to the City's indebtedness:
